War Writer Speaks From African Front

United Press Correspondent to Be Heard from Ethiopia Sunday Afternoon

Edward W. Beattie, United Press correspondent now in Ethiopia, will give latest war news and report on the situation in Addis Ababa, Sunday afternoon, in a special short-wave broadcast from the Ethiopian capital, to be heard over an NBC-WJZ network, including WSYR, during the "Magic Key" program at 2 o'clock.

Beattie, one of the best-known newspaper correspondents and the first American newspaperman to reach Addis Ababa after conflict became imminent, will flash a brief summary of the war's progress as seen from Ethiopian headquarters.

In addition, the "Magic Key" program will include a broadcast from Berlin by Dusolina Giannini, American opera singer, and the Berlin Radio Orchestra; a radio recital by Albert Spalding, famous American violinist; a comedy skit by James Gleason and Helen Broderick, from Hollywood; Rudy Vallee's Orchestra and Frank Black's Symphony Orchestra from New York City.

Wednesday program notes: Walter Hampden, stage star of two continents, will play the stellar role in the premiere of "Cavalcade of America," which starts its weekly series of musical-dramatic programs over the Columbia network and WFBL at 8 o'clock . . . Lily Pons, Metropolitan Opera star, in her second program of the season over CBS and WFBL at 9 o'clock, will sing an aria from Bellini's opera, "La Sonnambula," Benedict's "The Wren," Aslanoff's "Gavotte" and a popular number, "I Wished on the Moon." The orchestral and choral feature, under the direction of Andre Kostelanetz, will be Frimal's "Indian Love Call." . . . Mrs. Franklin D. Roosevelt and leading women in the fields of newspaper work, aviation, education, religion, trade unions and drama, will be heard in a discussion of "Women Want Peace" over an NBC-WJZ network at 10 o'clock . . . Seven selections, largely from the concert and light opera field, are included in the recital by John Charles Thomas, noted baritone, to be broadcast over NBC-WJZ and WSYR at 9 o'clock . . . Secretary of Commerce Daniel C. Roper will be the speaker in the "Public Opinion" program to be heard over CBS at 11:15. . . . The coronation of the queen in the oldest sustained civic celebration in America, the 57th annual Veiled Prophet Ball in St. Louis, Mo., will be broadcast over NBC-WEAF at 11:15.

Non-Relief Teachers To Be Employed at Collegiate Centers

Non-relief teachers may be employed for collegiate centers in communities where qualified relief teachers are not available, according to a ruling of the State Department of Education.

The ruling was announced after officials of the Federal-sponsored project attempted, without success, to find an Italian and Spanish instructor for the Syracuse Collegiate Center.

Whitney of 3119 South Salina Street was selected by the Navy Department as one of a class of candidates for flight training and appointment as aviation cadets. His mother, Mrs. Nina B. Stevens, said that he left for the oil company job Sunday and was chosen for the Navy post Monday.

Mrs. Stevens said she doubted whether Mr. Whitney would leave his new position to take Naval training.

Exhausted Nerves Cause of Many Ills

Do sudden noises make you jump . . . the radio set you on edge? Are you irritable, impatient . . . snappy with your family? Do you easily get the "blues"? Digestion poor? Spend restless nights?

Exhausted nerves probably explains it all. For remember, it is our nerves that govern and control everything that goes on within us—every activity of brain and body. When sufficient nerve-force is lacking, the entire human machinery slows down—some of our organs function properly. Restore nerve-force and improvement immediately takes place.

KOLA ASTIER will help you. This wonderful preparation developed by Dr. P. Astier of Paris, is what leading European doctors themselves take when they get tired out and nervous and want quick new strength. It is a sustaining tonic that never lets you down—that leaves no depressing after-effect. It tones, strengthens, sustains, promotes abundant nerve-force. So highly does the medical profession look upon *Kola Astier* that since 1929 alone over 10,000,000 bottles have been used, mostly as a result of doctors' prescriptions.

Start taking Kola Astier today and see how quickly calm nerves, poise, cheerfulness, mental keenness and physical vigor, pep and endurance return. You don't risk a penny. Your money back unless that first bottle convinces you that *Kola Astier* is benefiting you. Your nearest druggist has KOLA ASTIER or can quickly get it for you from his wholesaler.
