ASSAILS TAFT Lewis Indicates He's For Adlai

CINCINNATI, Oct. 7.—John L. Lewis thundered disapproval of Sen. Robert A. Tatt (R.-Ohio) today and said he couldn't see how anyone could vote for a man "whom Taft may lead around by the collar."

The nearly 3,000 delegates attending the opening seasiin of the 41st union convention of the United Mine Workers took this as an expression from the veteran union eader against Gen. Dwight D. Elenhower, the Republican presidential nominee whom Taft is upporting.

Lewis failed to mention Eisenower by name, however, and did not express a preference between the GOP standard-bearer and Gov. Adlai Stevenson of Illinois, the Democratic nominee.

"Some of Taft later, perhaps," ewis promised the wildly cheering delegates, "and whose who look through the same gun barrel as Taft at the problems of the laboring people and the workers of this country.

Lewis may follow the AFL and 10 in coming out flatly for Steenson before the end of the 10day miners convention, the union's first conclave in four years. It seemed clear from what he said today and previously, however, that Lewis personalyl was opposed to Eisenhower in the coming election.
