A PYROIL PROSE POEM!

Pyroil is the master oil, for easy going or hard day toil,

Pyroil never drains off, thereby making it easier for shifting off,

With conventional gear or automatic torque converter control, with a few
R.P.M.'s your car is on the roll!

It always lubricates under extreme heat or cold, will protect cars new and
old,

Traveling along on the great highway, makes your Pyroil investment pay,
When standing idle your car is protected, against enemies of metal which
is easily effected,

With increased economy and reduction in wear; if used as recommended
is beyond compare,

Sailing along at the greatest of ease, is because friction and valve sticking
have practically ceased,

It provides greater economy and less battery drag, and gives you a cause
to really brag,

When you add Pyroil to gasoline; if your motor is right you will have no
ping,

Regular gasolines and oils have been greatly improved, but it takes genuine
Pyroil for quick easy move,

When Genuine Pyroil is used in gasolines, oils and greases too, gives you
a different point of view,
