<http://groups.yahoo.com/group/OldTimeRadioResearchersGroup/>

The Series Researchers, Log Researchers and Database compilers of the Old Time Radio Researchers (OTRR) Group have thoroughly researched this Old Time Radio Series, utilizing information found on the Internet, books published on this series and old time radio in general. They have determined that as of Feb. 10, 2014 this series is as complete as possible, with the most current information included as to broadcast dates, episode numbers, episode titles, number of episodes broadcast, and best encodes at the time of Certification.

The Old Time Radio Researchers Group now declares this series to be

CERTIFIED ACCURATE

There is **ONE DVD/FIVE CDS** in this release, which represents the most up to date and accurate version endorsed by the OTRR. In order to ensure that only the best possible version of this series is in circulation, we recommend that all prior OTRR versions be discarded. For upgraded episodes, see the Upgrade Episode Listing, in the Certification folder.

As always, it is possible that more information will surface which will show that some of our conclusions were wrong. Please e-mail us at beshiresjim@yahoo.com , and let us know if any corrections are required. Also, if you have any better encodes of the series, or additional episodes, please let us know so that we can include them with the next release of the Certified Series.
